Meeting of the 79th Senate called to order at 6:05 PM

- I. Quorum Call
 - a. : Quorum is at 27.
- II. Approval of the Senate Minutes
 - a. Chair Gallagher motions to pass
 - i. Motion seconded
 - ii. Motion passes 27-0-0
- III. Approval of the Cabinet Minutes
 - a. Senator Stengel motions to pass
 - i. Motion seconded
 - ii. Motion passes 27-0-0
- IV. New Business
 - a. Senator Gitlin motions to suspend the rules and view the Rules Committee minutes before seeing to New Business
 - i. Seconded
 - ii. Motion passes 27-0-0
 - b. Rules Committee Report
 - i. : I did not chair the meeting; Erin did, so I'm going to hand it over to her.
 - ii. : We saw Hofstra Ballroom Dance and we made corrections to their constitution.
 1. Music and Entertainment Industry Student Association: They are seeking reactivation. We reviewed their constitution. They were a club but were deactivated because they weren't

iii. : We have several paths that a student can take and each has different activities. For the club, we want to take a little of each path and put it into the club so students can continue work they've done in that path, or try another path. We also have a lot of students interested based off of the Discovery program but we want to open it up to all of Hofstra. We want to encourage the rest of Hofstra to be involved. There's something for everybody. If you're not interested in one thing, there's always something else. We want to be SGA approved to be part of Hofstra community and spread Discovery love.

1. Community Empowerment: Mary Brennan INN, work with Food Not Bombs
2. Social Awareness: teaches about being active in community, gone to UN, Museum of Tolerance
3. Sustainability: promotes sustainability; in past students have done gardens (e.g. gardens by Stuyvesant). This year they went to the Botanical gardens and organic gardens.
4. Outdoor exploration: new path, not community service, but involves lots of camping, and nature and getting to know one self.

- a. : First off, there would be reorganization. We would have specific committee members for each path; we also want them to plan events and have events already planned out before the semester starts. We would then focus on fundraising during the school year. We want to be more prepared to keep members active in the club and always have something for all students to do.
10. Chair Engelson motion to extend questioning time by two minutes
- a. Seconded
 - b. Motion passes 27-0-0
11. : How many events do you want to hold?
- a. : We want to have one big event each month, with a different path being featured each month. For social awareness

5. Senator Beer motions for an unmoderated caucus
 - a. Objection
 - b. Senator Beer rescinds his motion
6. Chair Harris motions for a moderated caucus for two minutes with two speakers each, four speakers total
 - a. Second

listen to them, then we should do 6 minutes speaking time and 6 minutes questioning time.

a. : If we want to take longer, questioning time is fine.

i. : We are arguing about time. Can we please stop?

iv. Motion passes 15-10-0

e. Music and Entertainment Industry Student Association (MEISA)

i. : We are a pre-professional club. We focus on offering students interested in the music industry opportunities. Right now we are open to all students, PR majors, music merchandising majors, etc. or anyone interested with music. This club will teach others about music and business. It's hard to know exactly what sectors are open to you. We

- a. : Not sure exactly, but we have a little over 100 likes on our Facebook and we've been checking people off every day on Collegiate Link.
 - 10. : How many members are consistently active in your club?
 - a. : We've seen the same faces and names coming up regularly, so we have 10 consistent members so far.
 - 11. : Do you have any planned events?
 - a. : We plan to have the music industry conference next semester and have speakers for the same fields that we've had in the past, but different speakers. We also want speakers from the places that the E-board has interned with and have people who have worked in our company come and talk.
 - 12. : They have 29 people on Collegiate Link since last Tuesday.
- iii. Debate
 - 1. : This club is really great because pre-professional clubs are extremely successful in allowing students to thrive inside and outside of college. My parents are in the music industry and they said that most students don't understand what the music industry is about. So this club would be really helpful in teaching students about aspects of the music industry, instead of just having students jump in without knowing. SGA recognition would help their club

12. a. : Hofstra Gospel Ensemble and HOLA.

- a. : They went around Rules, so they might do it with administrative things. I also think they started sounding exclusive.
- 8. : It's hard to work with clubs when they're not going to be professional and they didn't come to us. During the Rules Committee meeting it was disrespectful and inconvenient to other clubs. It took an hour to reformat their constitution and they could have been in and out if they had just taken the time to work with us.
 - a. : There's a difference when they're being constantly asked to fix something and keep having to come back.
 - i. : They can't even follow the rules and regulations of SGA (...).
- 9. : We may have differences and wish they'd work differently with us; however it doesn't change how we operate. This is the club that follows SGA's motto the best. Most other clubs don't follow SGA's motto.

iv.

1. : We have sharpies that we can give them. Can they reallocate the \$22 for other uses?
 2. : I was misinformed about the sharpies. I didn't know we had any, and yes they can reallocate the \$22. They really want to see this movie, so they can reallocate it to that.
- v. \$1,600 left for Appropriations to give
1. Split between two meetings?
 2. : Can you have your last meeting be a reallocation meeting and
