b. Senator Egolf moves to pass the committee minutes

- i. Motion seconded

c. Chair Doherty moves to hold a 5min moderate caucus

- i. Motion seconded
- ii. Motion passed

1. Chair Doherty: Wanted to make sure we all got a chance to look at the disclaimer. Concerned about the graphic and including it on the graphic. I want to finalize the language in front of Senate. Please voice concerns about any changes.

2. Chair Doherty: For the text, I will be reading this before the movie, so please give your input.

3. Senator Staderker: Asked for a statement to be read aloud.

4. Chair Doherty: I respect the disclaimer, but I think it needs to be read aloud.

f. Chair Singh: I think the trigger warning is important. "This movie includes scenes with instances of violence and sexual assault."

g. Chair Congdon: We cannot cite verbatim the warning at the beginning. We were originally not going to include a disclaimer and just say "Some scenes may be triggering to certain audiences."

iv. Senator Booth moves to extend the speaking time by 5mins

1. Motion seconded

2. Motion passed

a. Chair Doherty: It is important to disclaim that there is suicide. Proposed language: "Get Out is a movie depicting racial tensions which could be triggering to some audiences. The views and opinions expressed in this film do not reflect the views and policies of Hofstra University or Hofstra's Student Government Association. If you at any time you tj

2. Motion passed

- a. Chair Doherty: I agree with previous speakers. In terms of listing every trigger, using language that has been previously stated could work.
- b. Senator Staderker: Could we just take the first sentence out? "Get out is a movie that includes scenes that may be triggering for certain audiences. The views and opinions depicted in this film..."
- c. Senator Egolf: I think it is important for people to know what they are watching. "Get out is a movie that includes scenes that may be triggering for certain audiences as it depicts suicide, sexual assault, etc. The views and opinions depicted in this film..."
- d. Senator DeCrescenzo: In interest of time, we should keep it vague to appeal to everyone.

vi. Chair Doherty moves to propose language saying "Get Out is a movie depicting racial tensions and other stimuli which could be triggering to some audiences. The views and opinions expressed in this film do not reflect the views and policies of Hofstra University or Hofstra's Student Government Association. If at any time you feel the need to leave the theater you are free to do so. On-call Student Counselors are always available to provide support by calling the non-emergency Public Safety Number at 516-463-6606."

1. Motion seconded

2. Motion objected

a. Speaker for Chair Doherty

- i. I believe that this language is our best option considering that if we were to provide a compiled list of all triggers, if we miss one, there could be trouble which is why the proposed language covers all the bases. This statement applies to all students. I believe that this is the best way to go about it.
- ii. Chair DeBiso: Saying all the triggers may be triggering
- iii. Chair Germaine: The premise of this movie is racial tensions, and students can google it if they want to know more.

- iv. Chair Congdon: I am comfortable saying this.
- b. Speaker against Senator Siegel
  - i. I agree with the last part of what is written. I just think some of the wording could be reworded, "other stimuli" does not make sense.
  - ii. Senator Lee: Maybe say "other sensitive topics" in place of "other stimuli"
  - iii. Senator Pandit: Maybe leave but list two of three major triggers as well as other sensitive topics.
  - iv. Senator Siegel: "Included but not limited to" is important.
- c. Speaker for Dudeî IFCC
