

Meeting Called to order at 6:46 PM EST

a. Quorum set 18

a. Senator Denson moves to open the gallery

i. Motion seconded

ii. Motion passed

i. Russ: This is a fairly new office- since last October! This started originally just as a support group/committee for 1st generation students; the committee achieved a majority of our first couple goals for what we

of the First Generation of programming we do really centers around the sense of b Gen students are anyone whose parents have not received a degree in the U.S. The definition is broad and slightly vague much support to as many students as possible. We ensure c and programs have inclusive language to encourage the ide how to achieve goals together. When things are designed f students, those students and non-First Gen students benefit

ii. VP Joyal: We are really looking forward to and aiming to c there anything coming up soon we can be a part of?

1. Russ: Not exactly first chronologically, but one of c events- that SGA has been a part of in the past- is c

Uwfgpv Fc{ Cwtkwo Vcmgqxgt ykvj vednkpi0 Vjcv ku Htkfc{

uvwf{. nkuvgp vq o wuke. cpf gxgp lwuv

are other organizations that are associated with various offices on campus?

- a. President Anniballi: SGA was not opposed to the creation of a First-Gen Club and our representatives in club recognition meetings voted in support of such, but other representatives made the ultimate decision to not recognize the organization. SGA is still in support of the creation of this organization and we will fully back the reapplication and appeal if necessary going forward. The logic that was provided does not match our values, and is not consistent with other organizations. I worked with the president of First Gen Club to ensure their emails were responded to.

xi. Senator Miranda: Are there any peer-mentor programs?

1. Russ: Yes! There are many peer-mentor tracks that we have across campus that I oversee the programs. We have 6 or so tracks, one of which is First Generation, so this is the first year we have a peer-to-peer program; we also have a faculty-to-peer program.

xii. VP Joyal: I just want to draw your attention to some committees that may work well with your goals and future collabs – programming, equity and inclusion, wellness and campus safety, and club resources. I am sure they are all willing and ready to collab!

1. Russ: To close it out, I just want to say one thing: if students ever have any questions and don't know where to start, let them know they can always start at the First Gen office.

c. Senator Mahlati moves to close the gallery

- i. Motion seconded
- ii. Motion passed

d. Senatorial Action

i.  Competitive Election Senatorial Action

1. Chair Skeldon: Will they be able to become senators in the transition from fall to spring semester if people drop?
 - a. President Anniballi: Yes. They would be able to transition at any point from associate to senator in the case of vacancy.
2. Chair Danek: Can you clarify the Senator-At-Large vs Senator-Elect?
 - a. Senator-Elect is basically an associate, who can fill senator vacancies. Senator-At-Large is just a regular senator.
3. VP Joyal: How does attendance play a role? If they are not following attendance rules, can they still move up to Senator?
